“ *I knew Barb through my doctor's office. She was always so sweet and kind to me. I'm so saddened to hear of her passing and regret I didn't learn of it soon enough to let the family know personally how much she touched me with her thoughtfulness. My prayers are with them, that God comforts them while they celebrate the memories she's given everyone she's touched.*

“ *Barb and I were friends through grade school and high school. I hadn't seen her for many years until this past June when she attended a concert I played in Clarksville. We had a great reunion, looking at old pictures, reminiscing, a lot laughs and some sadness for old friends no longer with us. It breaks my heart that now she's among that number. I'm so thankful that we got to share that time. She was a dear soul who will be missed by her many friends and loved ones. I wish them strength in this difficult time.*

“ *Barb and I had monthly correspondence through work. Every month, besides the file she needed to send me was a note. She quipped about April Showers and May Flowers. In March it was Peter Cottontail with my cash log and a basket full of eggs...then how Peter needed to slap Phil the ground hog for the weather. February was snow white with Frosdy sending his regards. I looked forward to her notes and we sparred back and forth trying to see who could make the other laugh most. I will miss her. But she is making the heavens laugh now.*
