“ David , my love, how I have survived 2 years without you in my life, that smile, them beautiful blues eyes that made me fall for you in the first place. It doesn't get any easier. My heart still loves you just as much today as the day you came through my door at 2am, tears in your eyes you kneeled down on one knee and asked me to be your wife as you placed the most beautiful ring I'd ever seen on my finger. I will never understand why you though you didn't deserve to be loved cuz that's all I ever wanted to do. Spend the rest of my life loving the greatest man I ever knew! But I guess I still will. There is no one in this world comparable to you. Thank you my knight in black leather for coming into my life and letting me be part of your life and your family . Although the time was short I will forever cherish every moment. I miss your hugs so much. I love you baby and always will! You will forever hold a huge place in my heart. I can't wait till I see you again and feel your arms around me and I promise I will never ever ever let go!! I'm sorry, I can't say it enough , I love you, I love you, I love your so very much!!! RIP my darlin
