“ My grandma was an amazing person, she always brought light to the room she was in just by her smile. She had many amazing moments in life that to this day would be ale to share many stories about no matter how long ago it was. I will never forget how happy she made my family and me no matter the situation that was going on, I still remeber the day I got to say my last goodbye I cried for hours wishing it was all a dream and it would be over soon. We all loved her very much if only she knew how many tears that rolled down my cheek the morning I found out she was gone I will never forget her and the way she made us all laugh and I will always cherish the memories I had with her I love her so much and always will.
