“ Jack, we met online doing Marlett genealogy research. You became such a close friend immediately. You were such an easy person to "talk" to. Although we never met in person or talked on the phone, I feel that through our emails to each other we talked every day. I learned about your family and came to love them as my own. I will remember with you with fondness whenever I find a new family lead or just enjoying a slider. Love you Jack. I'll miss you.

“ So sad that we didn't get to see you as much as I would have liked but we are family and we love you and will miss you dearly but our memories that we did share will last a lifetime and you will forever stay in our hearts.
