“ This news just breaks my heart. I really enjoyed walking in from the outer parking lot across the street in the mornings with him. Jerry always loved Talking about his kids and grandkids, without letting any pride or other apparent tough, or outward appearances, get in the way of letting that be known. I learned a lot from Jerry in my transition from 2nd shift to 1st shift. He was a good man, and an asset to support, and Bodine as a whole. And I personally would like to thank him for making Bodine Aluminum a better place to work.
