“ When Julie ,Abbey and I finally got DFS and the police involved , John was covered in bed bugs in deplorably disgusting conditions! He was immediately taken the the hospital and treated for dehydration, and being malnourished! These pictures show the condition in which John was living in (bed bug infestation) after Bridget past the verbal and physical abuse started with Bobby pouring hot chili on John, giving him a black eye.....Thank God we found out the truth and got John out of there (The ex con ex son in law forced John to sign his estate over to Robert. No on cared or came around John since he was broke. RIP Uncle John, you are there with

All crap! I lived with Bridget and that's how she lived. Stuff piled everywhere! The pool has looked like that for many years. Why are there not any pictures of John's bedroom or of John? I mean, surely you have pictures of those for documentation. Why can't we see any of those?

“ *We love and miss you John. Scott and I wanted to take you fishing so bad but Bobby said “too bad” we wanted to get you out of the house but Bobby was in charge of you and he kept saying no. We wanted to take you fun places but since you were stuck in that house because of Bobby you got depressed and you didn't wanna come out anymore. Scott and I would come there everyday and help you, we clean up the living room for you, I'd bring you food all the time and Bobby would throw the food away when we left and just go grab you a coffee from McDonald's. But whenever I was there you are big 3 plates of food I made and you seemed very very hungry and it had me upset. I'm glad you ate though. I'm glad I got to make you food. I'm sorry for what Bobby has done to you. You won't have to suffer around him anymore. You are with god now. He'll take care of you. I love you John forever and ever and we will never forget you. #JUSTICEFORJOHNAHOLT!!!! Justice for John protest starts July 15th! Message me on fb for more details*

“ A year before my uncle Johns passing , my sister Julie, my sons Ian and Andrew went in everyday to feed John and help him clean as his layabout ex son in law was neglecting John, Bobby Blair fraudulently stole Johns whole estate and after being assaulted by Bobby , John had no home so I moved him up to Troy by me ... Detective Joe Judge is working on the 7 felony abuse cases John had to endure at the evil hands of Bobby “Robert “ Blair, in this time we were caring for him there was only one person that came to see John and loved him(David smith) . After John was hit over the head and beat by Taylor young’s boyfriend and Bobby Blair , John became very depressed, then when his whole estate was stolen that put him in a deeper depression. We tried to do everything we could on a daily basis(Julie, Laura,Abbey ,Ian and Andrew pacult) we all miss you John!! And will see to it Bobby will be punished for those acts of violence!!

This is so not true, John called me every day, sometimes twice a day and Bobby Blair was very good to him while taking care of Bridget and helping with everything else. I would be so ashamed of this post if I were you. John locked all of his things in his bedroom to keep people out of it (his words). He gave money to "Julie" so she could go dig for gems and helped other members of that family as well.

That’s why there are 7 pending felonies and he stole Johns estate. And murdered Leah.

What is wrong with you people?! This is cousin Susan. AKA "the maid" so you girls thought. Why are you making up such horrible lies? My mom talked to him everyday and he never once mentioned ANYONE coming to see him! Julie, you and I had a conversation about a year ago about how no one goes to see him. But, Laura says you went everyday about a year ago. Conflicting statements. I also know for a fact that John was receiving Meals on Wheels. Bobby was very good to John and did everything he could do for him. Grandchildren should have been listed in the obituary before his 2nd wife's nieces. Very disrespectful. You should all be ashamed of yourselves.

“*John was married to the mother of his two daughters, Sandra Sommerkamp (before he even met Donna) Bridget Aholt Young, Sadler, Blair and Leah Aholt Tarkington. Bobby Blair stayed with John and helped him out when Bridget was sick and then stayed and helped him out after Bridget's passing. He had a sister Lea Schrader, a brother Clem, a brother Harold, a brother Donald who preceded him in death and a brother Robert who lives in Wyoming. John called me every night for several months prior to the fall that ended with him being in Troy in rehab. John loved to play pitch and other card games as well as Spinner Dominoes.*

Robert Bobby Blair , abused John(per police interview) he was hit, eaten alive by bed bugs and his estate was scammed from him by Robert (Bobby) Blair (4 time felon) John did not have a fall, he was hit over the head by intoxicated Robert! Julie Pacult , was paying for everything as John had no money and Robert forced John to sell off his cars and machinery. Ofallon police have the full interview videos , hot chili poured on John by Robert as wellI have Donna and Johns ashes as no one else cares, and the \$50,000 nursing home bill , as none of the grandkids even care . RIP JOHN
