“ I'm so very sad that you are no longer with us, but I know that you are at peace and pain free now. I will always remember all the wonderful things you did for me and Randy. How you took our car home to your house and fixed the a/c while we were gone to Texas for a week. How you and Mike came over and installed our new garage door opener. How you were always ready to help us out with whatever we needed. I remember the day of my first wedding I was running around town that morning trying to get some last minute things done for the reception and I ran into you in town. You stopped me and said you need to go home I will take care of all this. So I went home and you took over and finished the preparation's for the wedding reception for me. Except for mom you were the only one who stepped up to help me that day. You were always good to give me a good laugh. You were such a quick thinker with funny comeback's. I think Mike got that same gift. There is so much more I could say but it's hard enough just sharing this and trying to type between the tears. 😭 You are there with Mom and Dad now and we all miss you so very much! Give Mom and Dad a hug from all of us. Till we meet again I Love You!! Your little sister Gail ❤️
