“ *I knew LaToya in the beginning her life when she first came out here from Columbia with her mother Darlene known to me as Dede. They moved in to my house to take care of me as a quadriplegic. I needed somebody. She was always there to help her mommy landed a helping hand towards me. I learned to love the two of them. There will always be a special place in my heart for little LaToya green. She's gone way too soon*
