“ I'm really sorry for the loss of Vicky. I have many amazing memories for the time I knew Vicky. She helped me to have a place to live for a year because she felt the need to be a "mom - like" figure to me. A neighbor told her I needed a place to go for a while and she took me in BEFORE even meeting me.

She had a wonderful heart of gold and anyone that knew her, probably got the mom treatment at times because she cared for everyone like a mom truly would. God gave her to us for the times we needed a mom but couldn't find one - that's where Vicky came in.

She was always giving more than she was getting. I will never forget her and her hospitality, loyalty and her horse Deisel and her dog Luther too. I wish I had known earlier because Kevin and I would definitely have come out but I'm sure the family is still missing her to this day and for a long time to come. May you all be comforted at this time. She was a precious soul and will be missed.

“ I met Vickie when we worked together in Hawk Point. Such a funny happy person I was instantly drawn to her. We had such good times together. She introduced me to “The Hill” in St. Louis. She was so great with my boys when they were little. She would do anything to help her friends. She was a happy person that did not always have a happy life and I feel bad about that. I hope she is with her mom and dad and her animals that she loved, in peace, forever.

“ I had so much fun when I was a teenager with Vickie when she would come and visit her Father-in-law in Truxton before they move there. We would play Cards, ride horse together, go to horse shows and just hang out . She was a big part of my teenage life when it was the hardness. I still think of her often. So sorry for your loss.
