“Randy was loved beyond measure! He had a magical laugh and loved to joke around. He was best buds with my youngest son, taught and helped my oldest son with preparing his car to be safe to drive when he turned 16. He was a hard worker and helped Larry maintain and run the farm. I will miss his compliments, that were joined with, “Man this is good!” when he shared a meal with my family. I miss him dearly and am blessed to call him my friend. Randy, I promise to continue to share my amazing food with your parents.

“ My Brother Randy had a zest for life, he loved telling jokes, being out on the farm with Bill and Mame Wholer was where he learned to drive a tractor, he spent a lot of time with them in his younger years. He had love in his life and especially loved our Mother and Dad. He was able to take care of them on so many occasions. He had three other loves and he loved them deeply until the day he died. His only son Colton was his joy and happiness. Wendy his son's mother was the love of his life. Randy had one grandson whose name is Ace and he never stopped wanting to be along side Colton and Ace. My brother loved his music, he loved working on diesel engines. He adored his nephews. He was always busy, couldn't slow him down. He spent the last few years of his life working on engines out in a barn where he worked and lived. Everyone who met him loved him. He attended Rankin Tech where he learned and loved the engines. We will miss you little brother. Just around the corner, soon we will meet again in Paradise. I love you so much your sister Michelle

*Randy was our youngest son. When we needed him to help us, he was there in minutes! He loved diesel engines and worked on cars, trucks, bobcats, tractors, and diesel engines. He was like a walking manual, he knew so much about their engines. My son died on the farm he loved, and not far from his favorite kitty, Jasper. Jasper has the run of the farm and was alongside Randy as he worked. I will miss my dear son the rest of my life. He is very dear to his dad and mom!*
