“ We've known each other for over 35 years and even though we've been apart for many of them, each time we talked it felt as if no time had passed since the last time. I'm thankful to have so many memories to choose from when my heart hurts from missing you and am so thankful for how happy you were with the man you loved and the family you cherished. You kissed many frogs to finally get your prince! We always wish for more time with loved ones after they are gone but I look forward to an eternity of dancing together with Jesus! I love you, my friend, and am so lucky to have known you. Praying for peace and comfort for all your loved ones as they adjust to a new life without your smile.

“ *I had only had the honor of being around Shelly a handful of times, and of those times spent with Don and Shelly, I always felt as though I had known them both all my life. Shelly would inspire laughter, love, comfort and strength. She is one of those who knows no strangers and willing to help all. I will miss her and more so the interaction that inspired me to be a better person. My heart goes out to Don and the family over there lose.*

“ Don- you and Shelly are the best neighbors and it's so nice to have people that you can count on for anything. I feel that we've always been able to do that back and forth. I will miss yelling HI and talking across the road to Shelly during COVID just so we could at least still talk and see each other's face. I have more memories than I can write down, but we've been through some of the best times & some of the worst times together. The picture you posted here is perfect. That is who she genuinely was. All my love to you, Dakota, Gavin and Austin.
