“ I met Tiffany while we were both working at F.A.C.T. She was tiny but mighty, smart, capable yet vulnerable at the same time which helped her to connect so well with the families that she supported there. Her kiddos were her world and she would always plop down in my office chair to tell me the latest funny story or how gymnastics was going for her daughter, or sports for her boys. She was always so proud of them. Sending my condolences and prayers of comfort to her children and family during this difficult time.

“ *Such a heartbreaking loss to so many. I had the pleasure of working with Tiffany in the military and she was the sweetest, funniest and most hardworking soldier. Her babies were her everything so my heart further breaks for her children and her family. We love you, Battle. May you rest in eternal paradise. Forever in our hearts and thoughts Tiff* ❤️

“ *Tiffany started caring for my husband with dementia just a month ago. Learning of her death was an absolute shock. She was so full of energy - working two jobs, going to school and caring for her children. She was so proud of her children. My heart breaks for them as well as her close family members. “ *Tiffany, as a Soldier, was a force to be reckoned with. She was a standard setter in physical fitness, educational, and professional growth. She was the type of Soldier whose accomplishments supported the excellence of the team. She cared immensely for her family. Her children were her priority and world. Sending her family my deepest condolences on the loss of such an amazing woman.*
